

EXAMINER NAMED FOR MERGER CASE

Denver Man Appointed to Take Testimony in Action Against Alleged Combine.

The clerk of the United States court yesterday received an order signed by Judge Willis Van Devanter of the circuit court dated St. Paul, designating Sylvester G. Williams of Denver as special examiner in the case of the United States against the Union Pacific, E. H. Harriman and a number of other defendants, commonly called the merger case. Robert S. Taylor of St. Paul was named as chief stenographer. He has authority to appoint assistants.

When or where Examiner Williams will begin his hearings is not known here. The impression prevails that most of the testimony will be taken in the west, and that the examiner will move from place to place, as occasion and convenience demands.

CIGARETTE LAW VIOLATED.

Merchants Who Sell to Minors Will Be Prosecuted.

Officials of the juvenile court will begin a crusade against those who sell cigarettes to minors. A number of complaints have been received that this practice is growing especially in the outlying districts. The state law makes it a misdemeanor to sell to minors but there has been but little attention paid to it in the past, and for this reason court officials say the small storekeepers have been doing a

thriving cigarette business for the past few months. It is the intention of Guardello Brown, chief probation officer, to secure sufficient evidence against half a dozen offenders and have them arrested.

The New Pure Food and Drug Law.
We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law, as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. CASES IN FEDERAL COURT

Several Actions on Removal From District Courts Are Filed With Clerk.

A number of cases were filed in the United States court yesterday on removal from the district courts in which they were begun.

Andrew Southworth sues the Salt Lake and Utah Valley Railway company for \$10,000 for injuries received March 6, 1908. Southworth was at the time the sole operating official and employee of the car line which runs southward on First West.

M. C. Leetham and J. C. Leetham bring an action from Juab county against the Tintic Mining & Development company to recover mining property or its value, which is \$25,000.

Mike Bran sues the Tintic Mining & Development company for \$20,000 on account of permanent injuries received in the company's property at Blugham on March 7, 1907, when Bran struck a "missed" hole. He brought suit before under the name of Mike Brown, but this error, he says, was no fault of his own.

Loren Greene says he was hurt in the Silver King Consolida Mines company's properties in Summit county on Jan. 30, 1908, while working as a miner. He seeks for \$30,000.

Mike Panovich brings suit against the American Smelting & Refining company for \$10,000 to recover for injuries received Dec. 14, 1907.

Charles Steadman is on hand with a smoke case. He says the United States Smelting company damaged his lands, crops and crops to the extent of \$11,500 by permitting poisonous substances to fall thereon.

C. W. MULLIGAN'S BODY SHIPPED TO CHICAGO

Construction Superintendent for Denver & Rio Grande Depot a Victim of Appendicitis.

The remains of C. W. Mulligan, superintendent of construction of the Denver & Rio Grande passenger station, have been shipped back to Chicago for burial. Mr. Mulligan came to Salt Lake about a month ago to direct the work of building the new \$400,000 depot. He was taken sick a short time ago and went to St. Mark's hospital, where he was operated upon for appendicitis.

He was so wrapped up in the work he had to do that he disregarded the warnings of his physician and insisted upon pushing the depot along. He was under treatment. This, it is believed, gave him illness a fatal turn and he died at the hospital last Thursday.

The name of Mr. Mulligan's successor has not been announced. The new superintendent of construction will be selected by Architect Schlaacks of Chicago, who drew the plans for the new Rio Grande depot.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several more. I was finally cured by Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success. F. J. Hill Drug Co., 'The Never-Substitutors.'"

DAVE LOGAN SEEMS HAPPY

Negro Charged With Murder Takes Kindly to His Surroundings in City Jail.

One might suppose that a man with the charge of murder hanging over his head would be somewhat anxious about his future. Not so with Dave Logan, murderer of Dick Hawkins. He is apparently about the happiest man in the city. He seems confident that he will be acquitted when he comes up for trial and at any rate has no fears for what his fate will be. His attorney, Samuel King, said Monday that as yet no complaint had been filed against Logan and that his fate will be determined when he comes up for trial. Logan was asked if he wanted to make any statement in regard to the shooting. He said the public had already been furnished the facts in the case and there was nothing more to say.

He was humming a popular air Monday afternoon when his visitors called. His cell is directly behind the law window which opens into an alley leading to State street. He says he doesn't mind being locked up and that the time passes away very quickly. He spends his time reading and watching the thespians as they pass along State street.

IN RAILROAD CIRCLES.

It is reported from Denver that the contracts which the Wells-Fargo company has with the Denver & Rio Grande railroad for the handling of express packages are to be terminated and that the Globe Express company will succeed the Wells-Fargo company. It is understood that the Globe company will also enter into contracts with the Western Pacific railroad and the Colorado & Southern railroad. The Wells-Fargo contracts with the Denver & Rio Grande railroad do not expire for two years and it is said that the transfer to the Globe company cannot be made before that time unless entirely satisfactory arrangements can be made with the Wells-Fargo people.

R. V. Hogue, master mechanic of the Denver & Rio Grande railroad at Grand Junction, Colo., has been made acting master mechanic in Salt Lake. A. H. Gairns, formerly master mechanic of the Denver & Rio Grande here, is now master mechanic of the Oregon Short Line at Pocatello, Ida. Mr. Hogue, before being made master mechanic at Grand Junction, was superintendent of the Rio Grande roundhouse at Salt Lake.

P. A. Wedeligh, assistant general passenger agent of the Denver & Rio Grande railroad, and William Solomon, the New York banker, returned yesterday from their trip over the completed portion of the eastern end of the Western Pacific railroad. Both were pleased at the progress that is being made in the work of construction.

E. A. Campbell, trainmaster of the Southern Pacific at Reno, Nev., has been appointed to succeed the late J. McCarthy as trainmaster at Ogden.

HOW TO AVOID APPENDICITIS.

Most victims of appendicitis are those who are habitually constipated. Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. F. J. Hill Drug Co., "The Never-Substitutors."

SUNNYBROOK COAL COMPANY.

The Sunnybrook Coal & Coke company filed articles of incorporation with the county clerk yesterday. The capital stock is placed at \$1,000,000 with shares at \$1 each. The officers are: W. S. McCormick, president; George Morgan, vice president; R. T. Badger, treasurer; C. G. Snow, secretary. The company takes control of the Sunnybrook coal mine in Carbon county. The stockholders with the number of shares for which they have subscribed follow: George Morgan, 5,000; W. S. McCormick, 187,500; O. G. Snow, 150,000; P. W. Gorman, 62,500; J. G. Potts, 62,500; R. T. Badger, 37,500. The remaining 185,000 shares are held as treasury stock.

Mapl-Flake is the food which, in every home, is bound to supersede the fads. You will come eventually to want the food that's all food—the one food that all digest. You will cease to serve good cream on a half food when you know what a real food means. Even for taste no food can compare with it. For we cook all our wheat in pure maple syrup. Thus we get that enticing flavor. Please try one package and hear what the children say.

Singer Talks

1. The Difference in Sewing Machines

It is a mistaken idea that sewing machines are pretty much alike, when as a matter of fact there is a vast difference.

There is but one machine that sews better than any other—and that one is the Singer.

This is because the Singer idea is distinctive—every year shows improvement in that idea.

This is because the Singer factories are not only equipped with tools and machinery better calculated to make good sewing machines than any other, but this equipment is unique and not to be found elsewhere.

This is because a half century has been devoted to training and specializing men, each to do one thing best in sewing machine construction. The Singer's superiority—its lifetime-lasting value—does not appear on the surface.

One machine does sew better than any other—and that one is the Singer.
